

1 Pose ces additions en colonne et calcule.

$$48 + 21 =$$

A blank ledger page with two binder holes at the top. Below the holes is a 3x3 grid of boxes. The top row of boxes is empty. The middle row of boxes contains a single dot in the center of each box. The bottom row of boxes is empty.

$$32 + 24 =$$

[illegible]

$73 + 24 =$

A blank ledger page with two columns and multiple rows. The page has two binder holes at the top. The columns are separated by a vertical line, and the rows are separated by horizontal lines. The page is otherwise empty.

2 Pose ces additions en colonne et calcule.

$$58 + 34 =$$

A blank, lined notebook with two binder rings at the top. The notebook is open to a double-page spread, showing two facing pages. Each page has horizontal ruling lines. There are two binder rings at the top center, one on each page. The pages are otherwise empty.

$$56 + 42 =$$

A blank, lined page from a notebook. The page is white with horizontal ruling lines. At the top, there are two binder holes. The page is otherwise empty.

$$46 + 30 =$$

[illegible]

**Attention !
N'oublie pas
le signe +**

3 Pose ces additions en colonne et calcule.

$$72 + 14 =$$

$$40 + 16 =$$

This is a blank sheet of white paper with horizontal ruling lines. At the top edge, there are two circular punch holes, one on the left and one on the right, suggesting it was part of a binder or folder. The paper has rounded corners and no text or other markings.

$$23 + 53 =$$

[illegible]

$26 + 73 =$

This is a blank sheet of white paper with horizontal ruling lines. At the top edge, there are two circular punch holes, one on the left and one on the right. The paper appears to be part of a binder or folder.
